**Preliminary course 2**

**Master class by Prof. Rogovskaya S.I. and Prof. Sarakoglu O.F.**

Cervical and vulvar cancer – from prevention to early diagnosis. Patient management strategy. Colposcopy. Clinical experience  
Prof. Rogovskaya S.I. (Russia) and Prof. Sarakoglu O.F. (Turkey) **08:00-09:30**

Discussion **09:30-09:40**

## PLENARY SESSION

**hall Gold&Silver**

### Opening

Holiger Caps, Prof. Podzolkova N.M., PhD of Medical sciences Korennaya

**09:50-10:00**

### Session 1:

Oncopoisk, oncoprophylaxis, oncorehabilitation - the basics of interdisciplinary interaction in gynecology.

**Chairmen: Prof. Sarakoglu O.F., Prof. Rogovskaya S.I., Prof. Protasova A.E.**

Cervical cancer - new approaches in screening, prevention and treatment

Prof. Grissaro D. (Israel) - online

**10:00-10:25**

Primary screening of cervical cancer based on HPV in Russia: the state of implementation, problems and plans for the future.

Prof. Rogovskaya S.I. (Russia), PhD of Medical sciences Shipulina O.Y. (Russia)

**10:25-10:45**

Dreams and realities of cervical cancer screening

Prof. Protasova A.E. (Russia)

**10:45-11:05**

New international guidelines for the management of patients with cervical cancer

PhD of Medical sciences Korennaya V.V. (Russia)

**11:05-11:25**

Anxiety and sexual satisfaction after conization

Prof. Grissaro D. (Israel)

**11:25-11:55**

Cancer and precancerous cervix. Controversial issues of diagnosis from the point of view of a morphologist.

Interaction of specialists

Prof. Mogirevskaya O.A. (Russia), Prof. Rogovskaya S.I. (Russia)

**11:55-12:20**

Therapeutic cytology and other new options for cancer prevention

Prof. Wolfgang Zubke (Germany)

**12:20-12:45**

Crucial issues in the diagnosis of cervical lesions

PhD of Medical sciences Bebneva T.N. (Russia)

**12:45-13:05**

Discussion

**13:05-13:20**

Coffee break

**13:20-14:20**

## **Session 2:**

Reconstructive, functional and aesthetic gynecology.

**Chairmen: Dr. Haddad R., Prof. Apolikhina I.A., Prof. Zhumanova E.N.**

Aesthetic gynecology in Russia: dizziness from success? Prof. Apolikhina I.A. (Russia)	<b>14:20-14:40</b>
Female sexual dysfunction: Myths and Reality Prof. Zhumanova E.N. (Russia)	<b>14:40-15:00</b>
Female sexual dysfunction: ways to solve functional problems Dr. Haddad R. (France)	<b>15:00-15:25</b>
Plastic surgery of the labia and the hood of the clitoris. Modern reading Prof. Seifeldin A. (Egypt)	<b>15:25-15:50</b>

Discussion	<b>19:40-19:50</b>

**hall Bronze**

**Session 3.3:**

Ultrasound

**Chairman: PhD of Medical sciences Imelbaev A.I.**

Seminar with a practical lesson: Ultrasound diagnostics of the pathology of the veins of the lower extremities. What is important for a gynecologist to know? PhD of Medical sciences Imelbaev A.I.	<b>17:30-19:00</b>
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------

During the seminar, topical issues of the anatomy of the veins of the lower extremities will be presented, the technique of performing ultrasound examination of them will be analyzed, as well as the echo semiotics of venous diseases: phlebohypertonia, phlebothrombosis and thrombophlebitis, the issues of angiodysplasia are briefly outlined, the practical part consists of a demonstration of the research methodology.

## Hands on in small group (1 group of 12 people)

### 1 GROUP

- Practical training: Lasers: CO2 laser device for lifting the vagina

- Practical exercises: Radiofrequency therapy: using radio frequencies to rejuvenate the genitals.

**09:00-11:00**

Dr. Haddad R. (France)

Discussion

**11:00-11:30**

- Labioplasty - all the secrets of mastery

- Posterior vaginoplasty and perineoplasty

**11:30-13:30**

Prof. Seifeldin A. (Egypt)

### 2 GROUP

- Labioplasty - all the secrets of mastery

- Posterior vaginoplasty and perineoplasty

**09:00-11:00**

Prof. Seifeldin A. (Egypt)

Discussion

**11:00-11:30**

- Practical training: Lasers: CO2 laser device for lifting the vagina

- Practical exercises: Radiofrequency therapy: using radio frequencies to rejuvenate the genitals.

**11:30-13:30**

Dr. Haddad R. (France)

Coffee break

**13:30-14:30**

## 1 GROUP

- Fillers with hyaluronic acid: To whom, when: indications and contraindications. Various execution techniques. Clinical discussions.
- Botulinum toxin: indications and contraindications. Technique of execution. Clinical discussions with Professor Amr Seifeldin Botulinum toxin: indications and contraindications. Technique of execution. Clinical discussions.
- Platelet-rich plasma: clinical analysis and technique of application.
- Injections into the clitoris, G-spot and skin glands for urinary incontinence. Analysis and demonstration of application techniques
- Genital bleaching: - Indications and methods. Clinical analysis

**14:30-17:00**

Prof. Seifeldin A. (Egypt)

## 2 GROUP

- Fillers with hyaluronic acid: To whom, when: indications and contraindications. Various execution techniques. Clinical discussions.
- Botulinum toxin: indications and contraindications. Technique of execution. Clinical discussions with Professor Amr Seifeldin Botulinum toxin: indications and contraindications. Technique of execution. Clinical discussions.
- Platelet-rich plasma: clinical analysis and technique of application.
- Injections into the clitoris, G-spot and skin glands for urinary incontinence. Analysis and demonstration of application techniques
- Genital bleaching: - Indications and methods. Clinical analysis

**14:30-17:00**

Dr. Haddad R. (France)

**Group 12 persons:**

---

Author's master class «Electrosurgical manipulations and  
operations on the cervix under the scope of a colposcope.  
From scratch to making a decision. Basic course»

**10:00-13:00**

PhD of Medical sciences Bebnova T.N. (Russia)

---

**Author's master class by Professor Apolikhina I.A.**

Navigation in aesthetic gynecology: a course on minimally invasive technologies.

---

Intimate contouring - striving for perfection.

Practical master class on models and biomaterials

**10:00-12:00**

Prof. Apolikhina I.A. (Russia), dr. Kazakova S.N. (Russia)

---

Coffee break

**12:00-13:00**

---

Dynamic quadripolar radio frequency in urogynecology  
andaesthetic correction of the intimate area.

Practical master class on models

**13:00-15:00**

Prof. Apolikhina I.A. (Russia), PhD of Medical sciences Teterina T.A. (Russia)

---

Application of innovative non-ablative neodymium  
laser in gynecology and aesthetic gynecology.

Practical master class on models

**15:00-16:00**

Prof. Apolikhina I.A. (Russia), dr. Ramazanova M.O. (Russia)

---
